**COVID-19 Survey #1**

For additional information about the Detroit Metro Area Communities Study (DMACS), this survey instrument, or survey findings, please see [detroitssurvey.umich.edu](http://detroitssurvey.umich.edu) or contact: [DMACS-info@umich.edu](mailto:DMACS-info@umich.edu).

\*\*\*\*\*

INTRODUCTION: Thank you for participating in previous DMACS surveys. Your participation is essential in helping us understand - and share with decision-makers and the general public - the experiences and priorities of Detroiters. We are now conducting a short, 15 minute survey about how Detroiters are being affected by the current COVID-19 pandemic caused by the novel coronavirus. Due to the timely and urgent nature of this topic, we are asking for a quick, one-week turnaround and are offering \$20 as a token of appreciation for your responses.

As in all DMACS surveys, your participation in this study is completely voluntary. You may skip any question you do not wish to answer. However, your participation is important because it will help decision-makers understand the various impacts of the pandemic, and possibly direct their relief efforts in ways that best match Detroiters’ experiences and priorities.

When filling out this questionnaire, please remember there are no right or wrong answers, we are just interested in what you think. We take our promise of confidentiality very seriously. All of your answers will be kept strictly confidential. No personally identifying information will ever appear in any study report. If you find that you are disturbed by the content of any of the questions or if you have any questions about the study, please contact us at 734-764-4145. If you do not wish to complete this survey or any future Detroit Metro Area Communities Study surveys, please let us know by calling 734-764-4145 or sending an email to [DMACS-info@umich.edu](mailto:DMACS-info@umich.edu) with “opt out of surveys” in the subject line. Please provide your name and address in the email or voicemail and we will not contact you about DMACS surveys in the future.

[Note: In Q38-Q44 the survey posed comparisons of the seven options in seven different combinations. Each combination presented four different options and asked respondents to choose which of the four they ranked as the highest and lowest priority.]

We are interested in your views on government responses to the COVID-19 pandemic. In the next set of questions, we will present lists of possible government actions and ask you to choose your lowest and highest priority from each list. It may seem like we are asking the same question seven times, but each question will actually contain a different combination of ideas to choose from.
